# RAMJAN KHAN

## QC Inspector

**KSA – 0571979169 (TRANFERABLE -IQAMA)**
Email: ramjankk169@gmail.com |
Al kharj – Riyadh

## CAREER OBJECTIVE

Detail-driven Quality Control (QC) Inspector with over 8 years of combined experience in material quality inspection, inventory control, and supply chain management across the GCC (Saudi Arabia & UAE). Proven expertise in PVC pipe manufacturing and extrusion quality inspection, raw material testing (resin/additives), dimensional verification (OD, wall thickness, ovality), and hydrostatic pressure testing in compliance with ASTM, ISO, and local standards. Adept at managing non-conformance reports (NCR), inspection test plans (ITP), receiving/in-process inspection, and documentation using MS Excel and ERP systems. Demonstrates strong command over quality compliance, defect reduction, and factory safety standards. Fluent in English with working knowledge of Arabic.

## PROFESSIONAL EXPERIENCE

### QC and Material Inspection Specialist

**Masarat al Imdad for Pipe company (Riyadh )** June 2026 to Present

- Material & Inventory Inspection: Conduct rigorous QC inspections and inventory validation on incoming raw materials, fittings, and finished piping products.
- Stock & Audit Management: Audit daily production output, material usage, and stock movements to ensure 100% compliance with inventory standards and reduce scrap/defects.
- Reporting & Systems: Utilize advanced MS Excel to prepare comprehensive daily material logs, defect tracking reports, and stock summary audits for management review.

### Quality Controller inspector

**WHITE NIGHT PROJECT MANAGEMENT | Dubai, UAE** - *Apr 2023 – Apr 2026*

- **Quality Control & Material Testing**: Managed testing protocols for raw materials (PVC resin, stabilizers, plasticizers, and additives). Verified dimensional parameters (outer diameter, wall thickness, ovality) and mechanical properties (impact strength, hydrostatic burst pressure, tensile strength) in compliance with ASTM/ISO/BIS standards.
- **In-Line QA & Compliance Documentation**: Conducted in-line process sampling during extrusion and final QA inspections. Managed Quality Certificates (TC/CoA), Non-Conformance Reports (NCR), equipment calibration logs, and defect analysis documentation.
- **Cost & Scrap Reduction**: Monitored extrusion line stability to control wall thickness variations and surface defects (discoloration, waviness), successfully reducing material scrap and rejection rates by 20%.

### Quality Controller

**Hare KrishnaAgro Industries, Jodhpur | Dec 2020 – Dec 2022**

- **Raw Material & Moisture Quality Tracking**: Monitored incoming physical stock and bulk agricultural raw materials (mustard, cumin, groundnuts) across central storage and silos. Conducted quality parameters testing (moisture content, foreign matter/admixture, foreign seeds, and oil

content) to prevent stock spoilage and material degradation.
- **Audit Logs & Food Safety Documentation**: Maintained comprehensive quality inspection logs, Batch Records, Non-Conformance Reports (NCR), and FSSAI/Food Safety compliance documentation, ensuring full traceability from raw material receiving to final dispatch.
- **Workflow & Testing Optimization**: Streamlined incoming sampling protocols and lab testing approval workflows by 30%, speeding up raw material gate-clearance and stock release while maintaining strict food safety standards.

### Inventory & Facility Admin Supervisor

**Shri RamCity Union Finance Ltd., Jodhpur| Jan20 18 – Dec 20 20**

- Facility & Event Administration: Coordinated end-to-end administrative logistics, facility arrangements, and resource management for major corporate events and executive reviews involving 100+ key stakeholders.
- Cross-Departmental Administrative Communication: Enhanced inter-departmental communication and daily office reporting by 30%, speeding up operational approvals, request turnarounds, and cross-team task tracking.

### Inventory Officer

**Prince Abdul Aziz Bin Fahd Bin Saud Astabal, Riyadh| May 2016 – Nov 20 17**

- Procurement & Store Management: Managed local vendor relationships, operational purchasing, and store room inventories for feed, veterinary materials, and estate equipment.
- Cost Optimization & Receiving: Inspected incoming shipments against purchase orders, resulting in a 20% reduction in supply costs through strategic vendor negotiation and waste control

## EDUCATION

**M.Com in Business Administration** – Jai Narain Vyas University, 2014

## KEY SKILLS

- **Quality Control & Material Inspection**: Raw Material Testing (PVC Resin, Stabilizers, Additives), Dimensional Inspection (Outer Diameter, Wall Thickness, Ovality, Pitch), Visual Defect Identification (Discoloration, Wall Thinning, Waviness), Non-Conformance Reporting (NCR), Defect Analysis & Scrap Control.
- **Testing & Quality Assurance Standards**: Hydrostatic Burst Pressure Testing, Impact Resistance Testing, Heat Reversion, Tensile Testing, Inspection Test Plans (ITP), Quality Audits, and Compliance with ASTM, ISO, SASO, and DIN Standards.
- **Inventory, Receiving & Traceability**: Incoming Raw Material Verification, Heat/Batch Number Traceability, Stock & Material Storage Compliance, Certificate of Analysis (CoA) Verification, Discrepancy Resolution, and Storage Safety Protocols.

## LANGUAGES

- Hindi Native
- English Fluent
- Arabic– Basic

### Declaration

- I hereby declare that all the statements mentioned above are true and correct to the best of my knowledge and Belief.
