Second Specialist Diagnostic Radiology
 - Perform diagnostic imaging examinations and ensure the quality and accuracy of images.
 - Position patients correctly to capture the required diagnostic images.
 - Assist in the training and supervision of junior radiographers and radiography students.
- Ribat university hospital** 11/2020 - 11/2021
Second Specialist Diagnostic Radiology
 - Maintained accurate and detailed patient records and imaging logs.
 - Worked closely with radiologists and healthcare professionals to discuss and interpret imaging results.
 - Prepared patients for radiographic procedures, ensuring comfort and understanding. Correctly positioned patients to obtain optimal diagnostic images.

Additional Experience

- AI Language Trainer | Alignerr (Remote)**
November 2024 – Present
 - Annotated Arabic linguistic datasets to support AI and NLP system development.
 - Ensured high accuracy in language outputs, contributing to reliable AI models.

Education

- National University Sudan** 2020
BS.c Medical diagnostic imaging
Good
- University of Medical science and technology** 2022 - Ongoing
MSc Medical diagnostic Ultrasound

Skills

- Radiation Safety and Patient Positioning
- Medical Imaging Software (PACS, RIS)
- Patient Care and Communication
- Medical Terminology and Report Writing
- Team Training and Mentorship

Languages

- Arabic: Native
- English: Advanced

Personal Details

- Marital Status : Single
- Nationality : Sudanese

Certifications

- Saudi Commission for Health Specialties, Valid until 2027
- Sudan National Council for Medical & Health Professions, Valid until 2027
- Basic Life Support (BLS), 2025
- Advanced Cardiovascular Life Support (ACLS), 2025
- Advanced Trauma Life Support (ATLS), 2025
- CT and MRI, Global Education Center, 2023
- Radiation Protection, Global Education, 2022
- Interventional Radiology for Technologists, Maharat, 2022
