KEY RESPONSIBILITIES

- Identify and Assess Hazards Recognize potential hazards in the workplace and assess their risks to mitigate or eliminate them.
- Develop and Implement Policies and Procedures Establish safety and health policies and procedures and ensure compliance by employees.
- Conduct Training Train employees on safety procedures, including evacuation, first aid, and the use of safety equipment.
- Perform Regular Inspections Conduct regular inspections of equipment, tools, and the work environment to ensure compliance with safety standards.
- Investigate Accidents Investigate accidents and injuries, determine root causes, and recommend measures to prevent recurrence.
- Prepare Reports Prepare and submit detailed reports on incidents, potential hazards, and overall safety conditions
- Ensure Compliance with Laws and Standards Ensure that the workplace complies with local and international safety and occupational health regulations.
- Communicate with Management Provide recommendations to management to improve safety practices and create a safer work environment.

ACHIEVEMENTS

- **Strategic Impact:** Successfully developing and establishing multiple branches showcases strategic planning, execution, and an understanding of 3PL business operations
- **Collaboration:** The collaboration with CHEP Brambles reflects a strong ability to work with global partners, indicating a capability for cross-functional and cross-organizational collaboration.
- **Operational Expertise:** Establishing branches in diverse regions (Dammam, Jeddah, Abha) highlights a deep understanding of regional logistics, operational challenges, and market needs.
- **Consistency:** The repeated success across multiple locations demonstrates reliability and a results-oriented approach.
- **Developed and launched key** logistics branches for TAAZUR (3PL partner) in Saudi Arabia, including SA05 (Dammam) in collaboration with CHEP Brambles, SA37 (Jeddah), and SA22 (Abha), driving regional operational excellence and strategic growth in the 3PL sector."
